

EXPRESSING GOODNESS THROUGH GENEROSITY

FLOURISHING IN EXILE

Week 1 | June 7 Sermon

Community:

Even though it is technically still spring, it definitely feels like summer is upon us! Share a bit about your summer plans with each other as you enter into community this week. You can use these questions as a guide if that's helpful.

- What is your favorite thing about summer?
- What plans do you have for this summer? Trips, projects, rhythms, etc.
- How might this summer look different than past summers or different than you had planned? If there are disappointments in that, know that it is okay and good to name those in the safety of community.
- What rhythms are you establishing or could you establish this summer to stay connected and be the church?

***On a discipleship note, we want you all to be among the first to know that the Summer Series will still be happening this summer! Various teachers will teach on a variety of topics mostly tied to our core values on Tuesdays, mid-June through mid-July. Watch for more details to come!*

And speaking of healthy summer rhythms, don't forget about Refresh on Thursdays! It starts up again this week! Both weekly events run from 12-1 pm.

Sermon Discussion Questions:

Teacher: Kevin Korver

How is my relationship with money shaping my heart and influencing my relationships?

Has my relationship with money darkened my soul and hardened my heart? If so, what needs to change?
